Where Christ
Makes The Difference

TCS

Toledo Christian School

Believe and Achieve

Toledo Christian develops boys and girls into strong Christian young men and women of character who will impact the culture, their communities... and ultimately the world.

A Christ-Centered Approach to Learning and Living

For 31 years, Toledo Christian has fed the hearts, minds, and spirits of students from Pre-K through 12 throughout our community. Believing that it is our ministry to provide children with the necessary tools to develop into healthy and productive adults, our Christ-centered education provides a moral compass to help them navigate their course through life.

Christian Education

With students from 120 area churches, Toledo Christian provides a non-denominational approach to instruction that encourages broad-based support while focusing attention on essential biblical principles. Incorporating the love, truth, and consistency of God into every class and every subject, we help students recognize that there is intent and design in every creation and that intent can be recognized in every area of study.

- Focuses on the infallible truth of God's Word
- Begins the search for each student's true purpose
- Challenges students to push past their comfort zones
- Requires students to listen with their hearts as well as their minds
- Makes the development of Godly character a primary goal

Unlocking Your Potential

We offer a challenging academic curriculum that consistently ranks our students in the upper tier of area high schools. Over the last four years our senior class has averaged 24.4 on the national ACT, surpassing Toledo Public, Washington Local, Maumee, Perrysburg, and Sylvania schools.

- Seniors average 24 on ACT; upper 25% of seniors average 29.6
- Honors and AP courses
- Higher Ground and gifted enrichment for elementary
- 94% of graduating seniors attend college
- State certified educators
- Fully accredited by the Association of Christian Schools International (ACSI)
- Nationally recognized Music and Art programs
- 2nd in NW Ohio Science Fair

Enriching the Educational Experience

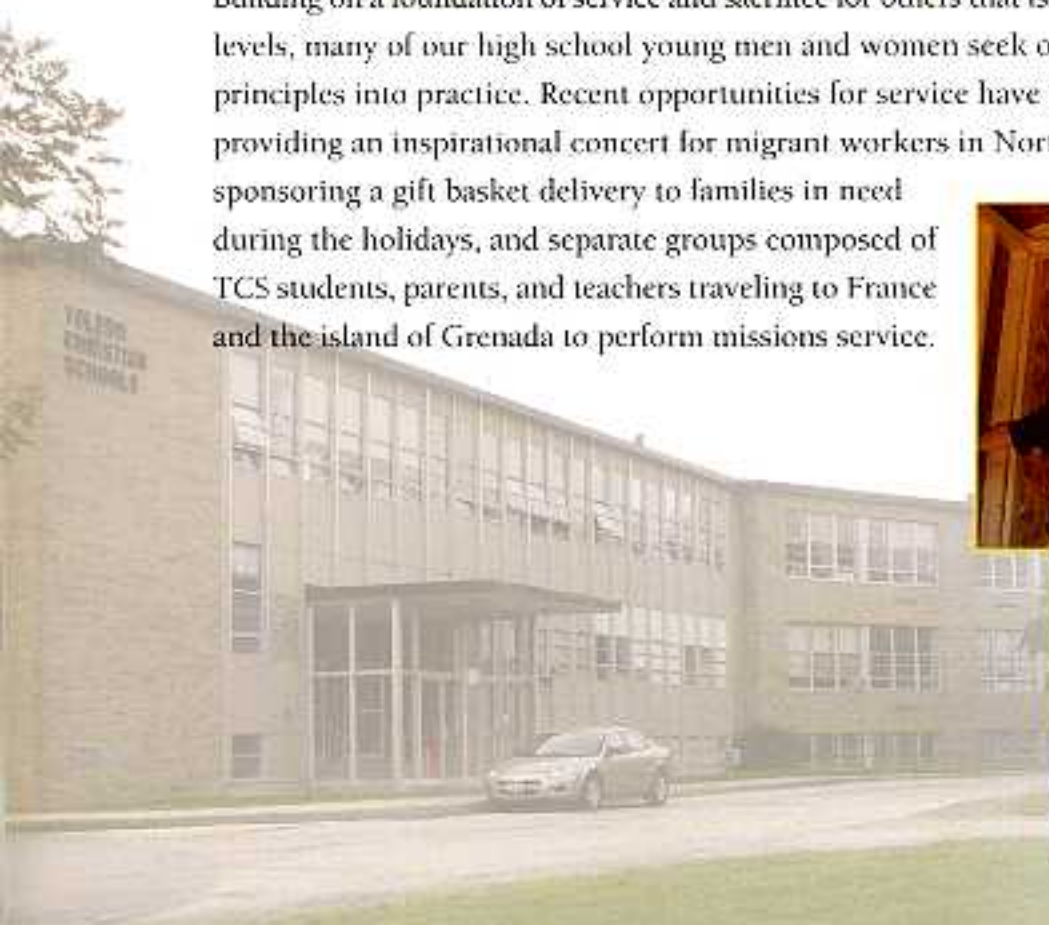

Students participate in a well-rounded education with emphasis on academic pursuits as well as development and appreciation for the Arts. The TCS music department has received local, regional, and national recognition for superior performance. The drama program includes participation in school chapels, musicals, and serious productions.

Shakespeare is one of the students' favorite choices. Students in our art department are given opportunities to express their talents in painting, drawing, ceramics, and graphic design. Our art students have received various awards, including Best of Show at the ACSI Art Festival and scholarships from the Federal Junior Duck Stamp contest.

Developing Leadership Through Servanthood

Building on a foundation of service and sacrifice for others that is established early in the elementary levels, many of our high school young men and women seek out opportunities to put these principles into practice. Recent opportunities for service have included the TCS Canticle Choir providing an inspirational concert for migrant workers in North Carolina, the student council sponsoring a gift basket delivery to families in need during the holidays, and separate groups composed of TCS students, parents, and teachers traveling to France and the island of Grenada to perform missions service.

Spirit, Mind, and Body

The key to the growing success of our athletic programs is the enthusiastic participation of our students. Over 70% of all TCS high school students are members of a Toledo Christian athletic team. Competing, caring, and excelling!

Toledo Christian competes in the Toledo Area Athletic Conference (TAAC).

State Competition

- Boys Cross Country ('05- 3rd; '06-11th)
- Volleyball 2006 Semi-Finalists
- Boys Track - Individuals ('04-'07)

Eagles Learning To Soar

One of the top technology programs in NW Ohio with state-of-the-art computer labs, TCS offers a wide range of classes for grades 7 – 12, as well as instruction for the primary grades. We also offer a television production studio where students learn to produce their own programs as well as live, in-house broadcasts.

- 3 main computer labs
- A multimedia computer lab with 3 Prestige video editors
- Multiple mini-labs throughout the building
- High speed internet and computers in every classroom
- Wireless network capability for work on laptops or PDA's

Eagle's Nest

The youngest members of the TCS family are Pre-K students being nurtured in the "Eagle's Nest." Creatively structured classes allow our youngest Eagles to receive the same Christ-centered approach to learning and living as our older students.

Meeting the Needs of Our Students

Because we are focused on meeting children at the point of their individual needs, the Wonderful In God's Sight (W.I.N.G.S.) program was born. Through W.I.N.G.S. we offer a more tightly focused learning opportunity for students with special learning needs, featuring smaller classes with specialized and more individual attention.

Pressing Toward The Mark

At Toledo Christian we are convinced that some spiritual principles are “caught not taught.” They are passed into the lives of young people at the time that each individual is ready to receive them. Our responsibility is to consistently provide an atmosphere of learning and spiritual development conducive to the growth of all of our children.
