

Dear Pastor:

Toledo Christian Schools develop boys and girls into strong Christian young men and women of character who will impact the culture, their communities, and ultimately the world. For over 30 years, TCS has fed the hearts, minds, and spirits of students from Pre-K through 12 throughout our area. Believing that it is our ministry to provide children with the necessary tools to develop into healthy and productive adults, our Christ-centered education provides a moral compass to help them navigate their course through life. We feel it takes the church, home and school, working together to bring a young person to maturity in Christ. Thank you so much for evaluating this family for us.
